- We permit ring-fencing for large disinvestments in terms of Notice 573 of the Collective Investment Schemes Control Act. Ring-fencing is the separation of assets and the delayed sale of units in a unit trust fund, in the event of a large sale of units within the fund, subject to certain conditions. This ensures that the sale of a large number of units will not force us to sell the underlying investments at a price in the market which could have a negative impact on other investors. We may delay paying the proceeds of the sale of units. If your disinvestment instruction is affected by this ring-fencing, the payment and the value of your withdrawal could be impacted. In the event of this, we will contact you to discuss the process, where applicable.
- The sale of units may trigger Capital Gains Tax (CGT) and you may be liable for taxes. We will issue a Capital Gains Tax certificate at the end of the tax year.
- I/We hereby indemnify and hold RCIS harmless against any loss which RCIS may suffer as a result of any of the above representations proving to be untrue and I/we hereby undertake to pay to RCIS, forthwith on demand, any amount which RCIS may claim in terms of this indemnity.
- The information which I/we have provided is true and correct, and that if this application form is signed in a representative capacity, I/ we have the necessary authority to do so and that this transaction is within my/our powers.
- I/We hereby that I/we are required to keep RCIS informed of any changes to your address or banking accounts. If you do not do this RCIS may be required, at your cost, to trace you in order to ensure that you receive your assets.
